

A Training Session for Members
Stormwater Coalition of Albany County

Albany County; City of Albany; Town of Bethlehem; City of Cohoes; Town of Colonie; Village of Colonie; Village of Green Island; Town of Guilderland; Village of Menands; Town of New Scotland; Village of Voorheesville; City of Watervliet; SUNY Albany

Municipal Pollution Prevention and Good Housekeeping
Conducting A Facility Audit & Developing An Effective Program

Municipalities and other regulated "MS4s" manage a variety of facilities (ex. garages, parks, buildings) and oversee extensive operations (ex. snow removal, catch basin clean-out, leaf pick-up, garbage pick-up). Expected to lead by example, municipal/MS4 staff need to know how to identify potential sources of pollution and decide how best to direct scarce resources.
Come to this practical in-house training for MS4 related staff and consultants.

YOUR HIGHWAY GARAGE?

Imagine a rainy day or melting snow...

- what types of pollutants might run off this site?
- from where? how? when? why?
- what can be done to prevent stormwater pollution?

To Find Out,
REGISTER TODAY!
